

ANTIMOULD ADDITIVE

DESCRIPTION

A concentrated fungicidal additive for plastic paints.

ADVANTAGES

- ✓ Inhibits mould growth on painted surfaces.
- ✓ Provides plastic paint with fungicidal properties.
- ✓ Long lasting effect.

RECOMMENDED USES

Ideal for cellars, basements and spaces where temperature and humidity allow mould to grow.

PRESENTATION

Colour: White.
0.25 L bottle.

TECHNICAL CHARACTERISTICS

Density: 1.00 ± 0.02 Kg/L

A single 0.25 l bottle is sufficient for 15 l of plastic paint.

SAFETY

Consult the label and the Safety Data Sheet.
